“Taking the class really helped boost my confidence. I learned some neat techniques that helped.”

“Thanks – this class helped me a lot to prepare for the ACT. I would not have gotten a 26 without this class.”

“This class really helped. I’m a smart kid, but a bad test taker. This class helped my score reflect on me as a student. It gave me a refresher on basic concepts that are essential to this test. The money spent on this class is nothing compared to the money I will save by getting academic scholarships.”

“The class had many great study tips – it helped me a lot!”

Online ACT Prep Course

UW-Rock County’s Online ACT Prep Course offers a great option for motivated students who need a more flexible class schedule.

Begin the course by scheduling an on-campus pre-test to see where you should focus your efforts and then take up to five months to complete the self-paced, online course. The course lets you work on modules and receive immediate feedback from quizzes for each of the five test sections. When you have completed the lessons, schedule another on-campus test that will assess how much you’ve improved and will help you predict how well you will do when you take the actual ACT test. The ACT test must be scheduled separately by visiting www.actstudent.org.

The course fee is $195. Enrollment is ongoing. Register online through the UW-Rock County Office of Continuing Education at http://rock.uwc.edu/ce/collegePrep/.

UW-Rock County provides equal opportunity in employment and programming, including Title IX special accommodations. If you are a person with a disability and require special accommodations, please advise us two weeks before the class starts. All requests are kept confidential.

This course is provided in conjunction with UW-Extension.

Q&A

Q: Why should I prepare for the ACT?
A: Your ACT score is too important for you to walk into the test unprepared. The higher you score, the better your chances of admission to a competitive college and the better your opportunity for scholarships.

Q: How does ACT Strategies raise ACT scores?
A: Our team of instructors specializes in ACT preparation. First, our special diagnostic test pinpoints your strengths and areas of need. Second, we teach basic concepts, strategies, and reasoning skills. Third, you practice, practice, practice, under test conditions.

Q: When and where are the ACT Strategies sessions?
A: The course is scheduled just prior to the actual ACT. This better ensures that you will retain the information offered throughout the strategies session. The course is held on the University of Wisconsin-Rock County campus at 2909 Kellogg Avenue in southwest Janesville.

Q: Does registering for this class also register me to take the ACT?
A: NO! You must register for the actual ACT test separately from this course. Register on-line at www.actstudent.org or call 608/758-6565 ext. 560.

Remember, registering for ACT Strategies does not register you to take the actual ACT test.
