Grades 5–8
Create Your Own Board Game

Instructor: Megan Lueck
9-10:15 a.m.

Discuss your favorite games to play and the different types and styles of games. Explore materials available for production of games, then create the instruction manual and design a game board. During the last week, you’ll create the game rules, design the box or bag to transport and store the game and finally play the games created by each student.

College for Kids courses are designed to meet the special needs of highly motivated children and allow them to:

- Learn at an appropriate level and pace through interesting activities
- Investigate a broad variety of ideas & topics
- Experience creative thinking & problem solving
- Seek practical applications of knowledge
- Develop self-awareness & acceptance of one’s own capacities, interests & needs

Art Attack

Instructor: Nikole Wagner
9-10:15 a.m.

Discover great art masters like Van Gogh, Monet and Picasso each day by looking at their most appreciated works of art, and getting inspiration to imitate some of their unique styles using mixed media. Learn facts about the artist and what they were trying to express through their art, all while creating your own masterpieces. Use acrylic paints and watercolors on stretched canvas, canvas board and textured watercolor paper. Students should bring an old shirt or art smock to class.

Grades 2–4
July 14–18, 2014

UW-Rock County
Oui, Je parle français! 
(Yes, I Speak French!)
Instructor: Christianne Hanna
9-10:15 a.m. or 10:30–11:45 a.m.
Take this class and you’ll be able to speak some French after just one day! Get basic language skills, such as learning colors, animals, basic counting and the alphabet through songs, stories and games and get tips on politeness and pronunciation from a native speaker.

Loom Jewelry Making
Instructor: Jessica May
9-10:15 a.m. or 10:30–11:45 a.m.
Get in on this craze and create many loom jewelry projects. Learn to read and create different loom jewelry patterns, such as fishtail and spiral, that range from easy to advanced and then use a hand-crafted loom and plastic bands to create rings, a personalized bracelet beaded bracelet, key chain, display board and more. If you’ve wanted to try it or want to learn more patterns, this is the class for you!

Medieval Times
Instructor: Christine Zastrow
9-10:15 a.m. or 10:30–11:45 a.m.
Have fun learning about life in the Middle Ages, also known as Medieval times. Learn about the coat of arms, seals and signets, as well as medieval attack and defense methods, games, knights and the process of knighthood. Participate in hands-on activities each day where you’ll be creating projects, playing games and working together in small groups.

Animaniacs
Instructor: Nikole Wagner
10:30–11:45 a.m.
Discover cartooning techniques using characters from comics, television, video games and the movies. Animation skills will be introduced, such as showing emotion and expression; creating movement and action; setting the scene. Experiment with sketching pencils, crayons, colored pencils and markers to create adventure scenes. Students will have a fun and educational experience in this Toon-rific class!

Shoebox Science
Instructor: Megan Lueck
10:30–11:45 a.m.
Choose from a variety of shoe boxes, each containing an experiment. Discuss basic science principles and use deductive reasoning to guess what will happen in each experiment, which can range from making rock candy to working with invisible ink, conducting balancing experiments, studying liquids and more.
Awesome Artists
Instructor: Mary Haakenson
9 a.m.-noon
Use several types of media to create art with a global influence. Learn how to make a coiled basket relating to Native American design. Get inspiration from Egyptian hieroglyphics as you do metal foil tooling. Sketch from nature. Create original watercolor paintings from your sketches. Create a tile mosaic with Panamanian mola design.

Rockin’ Rockets
Instructor: Melissa Lueck
9 a.m.-noon
Learn about topics related to rocket flight including propulsion, navigation and pay loads and then complete experiments related to these topics. You’ll also build your own rocket and launch it on the final day.

Treasure Hunt! Geocaching in Janesville
Instructor: Bryson Mortensen
9 a.m.-noon
Go treasure hunting right here in the city of Janesville with little more than your smart phone or a GPS device! Geocaching is an international hobby where you can find “caches” filled with treasure just by its GPS coordinates. You can trade your own items for treasures in each cache, and even help travel bugs get to their requested destinations. During this class you will learn how GPS systems work, sign up on the geocaching.com website (where geocaches are registered), find geocaches already hidden on the UW-Rock County campus, Rockport Park, and Palmer Park, and design and hide your own geocache for your friends to find!
**Aquatic Field Biology**  
*Instructor: Dave Bendlin*  
9 a.m.-noon or 12:30-3:30 p.m.  
Go on daily field trips to investigate a different freshwater habitats of Rock County. Field trips will be at city or county parks such as Carver-Roehl Park, Gibbs Lake Park, Happy Hollow Park, Beckman Mill Park and Sweet Allyn Park. Additional sites will be creeks like Bass Creek or Turtle Creek or rivers accessed from roadsides. At each site, students will collect, observe and identify different plants, animals and other aquatic organisms and then release them back into the wild.

**Beginning Stained Glass**  
*Instructor: Richard Snyder*  
9 a.m.-noon or 12:30-3:30 p.m.  
Learn the basic techniques of stained glass work sufficient to complete a project from start to finish. Techniques include using a copper foil technique in stained glass construction; glass cutting and grinding; learning the proper use of tools; pattern tracing and transfer onto the glass; choosing glass colors and textures for design; and lastly, soldering and assembly of pieces into a completed project.

**Play Tennis!**  
*Instructor: Bill Peyer*  
9 a.m.-noon or 12:30-3:30 p.m.  
Learn the rules of tennis and how to play from UW-Rock County’s tennis coach either on the court or, in case of inclement weather, through video presentations and discussions. Transportation will be provided to Craig High School’s tennis courts. Students need their own tennis racquet.

**Show Choir**  
*Instructor: Fran Thorpe Peyer*  
9 a.m.-noon or 12:30-3:30 p.m.  
Work on stage presence, performance, dancing, vocal solos and harmonies as you practice songs for the performance on the last day of classes. You’ll also discuss your interpretations of the songs as you fine-tune your pieces for the presentation.

**Introduction to Fencing**  
*Instructor: Brian Duckwitz*  
12:30-3:30 p.m.  
Get an introduction to modern sport (Olympic) fencing. Often called “chess at 100 mph,” fencing is a modern sport with ancient roots. In this course, you will learn how to fence, referee and compete. You’ll find the class to be both physically and mentally challenging and rewarding, but also infectiously fun.

**Fun with Photoshop**  
*Instructor: Nikki Schoeny*  
12:30-3:30 p.m.  
Discover the world of computer-generated art as you create your own masterpieces using Adobe Photoshop. You’ll begin with the basics – learning how to use draw and paint tools to create a simple sketch, and then bring on the fun! Learn how to use layers to add excitement to an imported photograph. Finish the week by enhancing digital pictures using the skills you’ve learned.
Confirmation Letters
Confirmation letters and parental forms will be mailed to participants approximately 10 days before the start of the program.

Disciplinary Information
Disruptive students are taken to the Continuing Education office and their parents are notified. Continued disruption results in the student being asked not to return.

What NOT to Bring
Please do not bring games, toys, electronic devices and other similar materials to classes unless the instructor has requested you to do so. Continuing Education is not responsible for lost or broken items.

Refund Policy
Refunds are made only for classes cancelled by Continuing Education. Once your child is registered, we are unable to process refunds.

Water Bottles
All participants will receive FREE water bottles. Water bottles are handed out to the students on the first day.

Meals
Participants enjoy supervised snack breaks from 10:15 to 10:30 a.m. and from 1:45 to 2 p.m. daily. Snacks will be provided. Students in the full day program need to bring a sack lunch each day. Lunch is from 12-12:30 p.m.

Scholarships
Limited scholarships are available on a first come, first serve basis. To request scholarship funds please send in a copy of the child’s free/reduced lunch notification form.

Five Simple Ways to Register for the Fun!

1. Call us at (608) 758–6565, ext. 360.

2. Mail your registration along with your payment to: UW–Rock County Continuing Education, 2909 Kellogg Ave., Janesville, WI 53546.

3. Fax your registration to us at (608) 758–6564. Be sure to include Discover, MasterCard or Visa information.

4. Stop in the Office of Continuing Education in Hyatt Smith Hall on the campus at 2909 Kellogg Avenue.

When registering, use the Fall 2014 grade level.

College for Kids Information

Classes are offered by UW-Rock County in conjunction with UW-Extension Outreach and E-Learning. No Wisconsin tax dollars were used in printing of this publication.
College for Kids Program Registration

Please mail this completed form, along with credit card information or check made payable to UW-Rock County to: UW-Rock County Continuing Education Office, 2909 Kellogg Ave., Janesville, WI 53546 for College for Kids. You may also register and pay by credit card by calling (608) 758-6565 ext. 360 or online at rock.uwc.edu/ce/kids. Confirmation letters will be mailed July 3, 2014. Classes are July 14-July 18. Class size is limited; please write in your child’s first, second and third choices for courses in each session.
